

FIG. 1

FIG. 1 is a perspective view of a prior art hydraulic manifold assembly. The assembly includes a main manifold body (1) with multiple ports (2, 3, 4, 5, 6, 7) and a series of solenoid coils (9) mounted on top. A return line (23) is connected to the bottom. The manifold is secured with various bolts (41, 43) and a cover plate (17). Dimensions and part numbers are indicated throughout the drawing.
